King County
Employee Giving Program
SHARING HOPE 2009

A Message from your 2009 Campaign Co-Chairs

Dear King County Employees,

Welcome to the 2009 Annual Charitable Campaign. We are thrilled to serve as Honorary Co-Chairs during this year—a year filled with so much potential. Through your generosity—amidst challenging times—in 2008, we raised more than 1.5 million dollars for nonprofit organizations. Thank you!

The Employee Giving Program provides us with a valuable opportunity to meet charitable giving needs locally and throughout the world. It allows us as individual employees to work together and make a significant impact in the community. We are hopeful that you will join us in making a contribution through our Charitable Giving Campaign this fall.

Our history and legacy is one of being an advocate for philanthropy. Nonprofit organizations know they can rely on King County Employees for support. As one nonprofit put it “We consider King County Employees to be our partner...” *Sharing Hope* in 2009 continues that legacy. We know when times are hard, the need is great and we have the greatest opportunity to make a significant difference.

We also know that by giving we are sharing hope with the world. Through payroll deduction and time donation, we have easy and efficient ways to give all year round. The benefits are endless and the impact is truly profound.

Sincerely,

A handwritten signature in cursive script that reads "Larry Gossett".

TEN STEPS

1. **Clarify your values (broad).** Browse the categories in the catalog. Are there categories that jump out as important to you? Which of these feel important to you in your life?
2. **Identify your preferences (specific).** Do you want to give locally or internationally? A small organization or a large one? A new start-up organization or one that has been around for years? Do you want to support direct services, policy change work, or the arts? These are personal preferences; all serve different but equally vital roles.
3. **Verify the organization's legitimacy.** We have done this for you. A benefit of giving through the workplace is that we have carefully reviewed the organizations to ensure they meet certain basic standards.
4. **Get the facts.** Check out the websites of organizations that match your *broad values* and *specific preferences*. We have links to all of them on our website: www.kingcounty.gov/employees/giving. It is useful to receive the annual report of the organization. Often, organizations post annual reports on their website.
5. **Assess effectiveness.** How well does each organization meet the stated mission? Look for: clearly defined mission and programs, measurable goals, and concrete criteria used to describe achievements and outcomes.
6. **Compare apples to apples.** Comparing administrative costs may be beneficial at this step. See *Evaluating Administrative Costs* in the next column. Be sure to compare organizations that do the same kind of work, especially if you are looking at their administrative costs. The type of work an organization does affects its operating costs dramatically.
7. **Eliminate organizations** that do not meet your criteria.
8. **Build a relationship with the organization.** Steps 4, 5, and 6 are going to be the most challenging the first year you donate. They are easier as you come to know and understand the organization. Your charitable contributions are investments; as with all investments educate yourself on their philosophy and watch their performance over time. You may even end up deciding to volunteer, serve on a committee, or join the board.
9. **Avoid** organizations that will not share information or that pressure you. Reputable nonprofits will discuss their programs and finances, do not use pressure tactics, are willing to send you literature about their work or direct you to a website, and will take "no" for an answer.
10. **Trust your instincts.**

EVALUATING ADMINISTRATIVE COSTS

There is no question that nonprofit organizations have an obligation to manage their finances responsibly. There is also no question that ratios can be valuable tools for evaluating charitable groups. By themselves, however, these figures may not tell the whole story.

For example, when considering the percentage of an organization's total expenditures devoted to programs and services, a number of things, such as size, age, and location, affect a nonprofit's expenses. A nonprofit in an area with a high cost of living will need to pay more for office space, supplies, and salaries than a comparable organization in a less costly area.

An organization's mission is even more important in determining its costs. Say you are thinking of contributing \$100 to either a local art museum or a neighborhood food bank. The art museum spends 28 cents of every dollar on administrative costs, whereas the food bank spends only 5 cents of every dollar on administrative costs. Obviously, the food bank is the more efficient organization. Right? Not necessarily.

The national median administrative cost ratio for art museums is 29%, and the national median administrative cost ratio for food banks is 6%. Thus, both the art museum and local food bank are slightly above the middle of their respective peer groups. Typically, art museums - and most art and cultural organizations - have higher administrative costs (such as insurance, building maintenance, security) and fundraising expenses compared to direct services such as food banks. Different types of nonprofits have different median administrative costs.

The ultimate test of an organization's efficiency is how well it performs its mission. Unfortunately, this criterion is not always reflected in ratios of any kind.

Special circumstances can also affect a nonprofit's ratios. Perhaps the organization is trying to establish an endowment. In the short term, its fundraising ratio will rise and its program ratio will fall. In the long run, however, a successful endowment drive could enable the nonprofit to spend more on programming and less on fundraising.

Accounting practices among nonprofits vary widely, so that what appear to be discrepancies in the ratios for different organizations might merely reflect divergent accounting methods.

So when is it appropriate to use ratios, such as administrative cost, to evaluate nonprofit organizations? *GuideStar* advises that ratios are helpful:

- Apples to apples. When you are comparing organizations of similar size and age, that are located in the same area or similar locales, and that have similar missions and programs.
- Over years. When you are tracking an individual nonprofit's progress over time.

Adapted from www.guidestar.com

HOW DO WE DETERMINE AN ORGANIZATION'S ADMINISTRATIVE COSTS?

$$\frac{\text{TOTAL MANAGEMENT/OPERATING EXPENSES} + \text{TOTAL FUNDRAISING EXPENSES}}{\text{TOTAL REVENUE}} = \text{ADMINISTRATIVE COSTS}$$

What are the benefits of giving through the Employee Giving Program?

Because the EGP is an easy, cost-effective, and efficient way to raise money it allows the nonprofits to spend more time and money on the work that matters most: feeding the hungry, housing the homeless, protecting the environment, providing cultural experiences, and many others. YOUR PARTICIPATION WILL MAKE A DIFFERENCE!

Benefits to you:

Easy: Fill out the form, turn it in, done! We take care of the rest.

Choice: Over 700 nonprofit organizations. 3 ways to give (including exclusive to King County—donating time). What are you passionate about?

Privacy: You can remain anonymous. See Section 3 of the pledge form.

Investment: In yourself and your community. How many ways have you benefited?

Tax Deduction: We can always use more of these. Donations are tax deductible to the fullest extent of the law. Make a copy of your pledge form and keep your last pay stub..that's all you need for tax purposes.

Impact: In 2007, Individual contributions made up 74.8% of all giving, according to Giving USA. And in 2008, collectively King County Employees raised more than 1.5 million dollars!

Efficient: Saves time by planning ahead, not having to mail the check every month, prescreened nonprofits listed in several formats in one place.

Savings: Saves you possible credit card fees from monthly credit card giving. The EGP saves employees over \$25,000 in stamps alone each year, compared to if employees mailed their own checks. (Not to mention the envelope.)

Emotionally: A compelling and growing body of research shows that giving as little as \$5 can increase happiness and that altruistic actions can give people pleasure, literally activating the pleasure centers in the brain.

Workplace: Employee unity, service to the community, less disruption by centralizing charitable giving. Fun.

Benefits to nonprofits:

Dependable Income: Nonprofits highly value workplace giving dollars because they are year-long, predictable and unrestricted. Gifts given through payroll are, on average, 2-3 times larger than one-time gifts.

Lower costs: The EGP is a more cost-efficient way to reach possible donors and process donations than other means of fundraising. No credit card or online vendor processing fees.

Visibility: They are in print materials and on the website that are targeted at the more than 13,000 employees. During the campaign, they may have the opportunity to come speak and introduce themselves. During the Nonprofit Expo they will have touched hundreds of employees personally.

Efficient: They receive one check, electronic reports, have one point of contact,

Dollar goes further: Each dollar given to a nonprofit can be leveraged for other dollars; for example, receiving undesignated funds and matching and challenge grants from other individuals and foundations.

FREQUENTLY ASKED QUESTIONS

Where do I get a Pledge Form?

- In the back of this catalog
- Online at www.kingcounty.gov/employees/giving
- From your worksite volunteer

Where do I turn it in?

Give to your worksite volunteer or send directly to the EGP at CNK-ES-0231

How should I decide where to donate?

You are already on the right track! You have opened this catalog. What interests you? What are you passionate about? What need do you think needs to be filled? Do you have a personal connection to something? This catalog is a great resource. You can also go to the EGP Web site for more information on the nonprofits and links to their websites.

I don't see my favorite nonprofit, how do I get them included?

Each year between February and April, the Employee Giving Program requires nonprofits that want to be included in that year's campaign to apply and meet eligibility requirements. If you would like your nonprofit to be notified please send the following contact information: organization name, contact name, address, phone, and email to the EGP Administrator, Junelle Schrum at: junelle.schrum@kingcounty.gov

Don't wait! We don't want them to miss the deadline.

What are the eligibility requirements?

- Registered as a 501(c)(3) nonprofit organization.
- Registered with the Secretary of State to solicit donations in Washington.
- Been in active existence for at least 3 years.
- Non-discrimination policies to the same ordinance standard set by King County or have a legal exemption.
- Total administrative costs are no more than 25% for two consecutive years.

What does it cost to run the program?

Charities participate in workplace giving because the cost is lower and the visibility higher than other fundraising methods. Typically, the administrative percentage to run the Employee Giving Program has been between 8-11% of total donations. This fee pays for the direct costs of the program including catalog and marketing materials, events, personnel, and county overhead and space costs. It is applied proportionately among nonprofits who receive donations. This is comparable to other public sector workplace giving programs. It also lowers nonprofits overall administrative costs because of the efficiencies involved with receiving one report and one check. The EGP saves employees over \$25,000 in stamps alone each year, compared to if employees mailed their own checks.

How do I get a cool shirt?

You can order shirts from the EGP while supplies last! Download the shirt order form from the website and send it in with a check (made payable to the KCEGP) for \$10.00 to CNK-ES-0231.

What is a federation?

A federation is an umbrella nonprofit group which raises money for its member nonprofit organizations through workplace giving campaigns. They also act as the main point of contact for their member charities. Often federations represent similar types of nonprofit organizations such as "children" or "the environment." The King County Employee Giving Program allows nonprofit organizations to participate directly or as part of a federation.

I have more questions, where should I go?

The King County Employee Giving Program has an enormous impact in this community. The dedication and generosity of King County employees is felt every day by nonprofit organizations that help develop healthy youth and vibrant communities. Your support means that kids in foster care won't have to miss out on the experiences that make childhood special. Because of your help, they won't start school with ill fitting clothes, spend the summer in front of the TV, miss out on joy of music and athletics, or fall through the cracks at school.

FEDERATIONS

The King County Employee Giving Program allows nonprofits to participate in one of two ways: either as an **independent** organization or as a member of a **federation**. Federations represent a majority of the nonprofits in the EGP.

A **Federation** is an umbrella nonprofit organization which raises money for its member nonprofits through workplace giving campaigns. Often federations represent similar types of nonprofit organizations such as "health" or "the environment". Because federations participate in a wide variety of campaigns (small and big; private and public) participation through a federation may be an efficient way for some nonprofit organizations to raise money in workplaces.

- Donations designated to a *federation* will be distributed among the nonprofit organizations in that federation.
- Donations designated to a *specific nonprofit organization* will be distributed directly to that nonprofit by the federation.

Many sources of support are difficult to budget for. Organizations can't spend money we don't have. Giving through the EGP is very important because work place giving payments are scheduled and planned. EGP giving is a win-win situation for nonprofits and the programs that we support.

Employee giving programs are especially important to us because regular donations give us the resources we need to respond quickly to the changing needs of the community and the families we serve. We have participated in the King County Employee Giving Program for many years and we are always humbled by the tremendous generosity of King County employees. We consider King County employees to be our partner in providing our services to the community.

DONATION FORM INSTRUCTIONS

THE FINE PRINT

General

- Direct, payroll, and time donations may be tax deductible. Consult with your tax advisor if you have questions about this. Please make a copy of your pledge form for tax purposes. Regardless of how you give, you are making a world of difference in our communities.
- Please no write-ins, including for direct checks. During the application process, all participating nonprofits have been vetted against standardized eligibility criteria. If you would like to see a nonprofit in the program, please email their contact information to the EGP administrator and they will be contacted for the following year's campaign. Write-ins will be returned for correction. No nonprofit in the program is allowed to funnel money to another nonprofit as a way to circumvent the eligibility process.
- For all fundraising options, including special events, you may include your donation in a pool of money that will be distributed among all nonprofits that receive donations, leave the code section blank and write "campaign."

Rules for direct checks

1. You may give to as many participating nonprofit organizations as you would like.
2. Write the check directly payable to the nonprofit organization and write the four digit code in the memo line.
3. To include your donation in a pool of money that will be distributed among all nonprofits who receive donations, write the check out to the KCEGP and write "campaign" in the memo line.
4. Checks are a 2009 tax event.

Rules for payroll deductions

1. Minimum donation per organization, per deduction, is \$5.00.
2. Maximum number of organization designations is six.
3. If you choose Option B on the donation form, your donation will be deducted from the second paycheck each month.

Rules for time donations

1. Time donations cannot be accepted after November 20, 2009. This is a firm deadline.
2. Minimum donation is 4 hours. Maximum donation is 40 hours, unless you have excess vacation time - then there is no maximum.
3. You can make a donation of time to a single designation (i.e., one nonprofit organization, one federation, or the campaign generally). This is mandated by ordinance.
4. The net cash value of your hours (after all mandatory withholdings, including withholding in accordance with retirement plans, federal income tax and the Federal Insurance Contributions Act) will be calculated and sent to your designated agency. You will receive a receipt notifying you of the net cash value of your time donation.

Dedication of your donation

If you would like to make your donation *in honor of* someone living or *in memory of* someone deceased, please complete the optional section to the right of your organization designations. The dedications are given to the nonprofits regardless of whether you release your name and address. You may also use the dedication line to designate a particular program or area of service within a particular nonprofit.

Privacy Option

Please check to either release your information or to remain anonymous. If this section is left blank, you will automatically be listed as anonymous. If you choose not to release your information, you will not be acknowledged from the nonprofit organization.

Rules for special events

If you are planning a special event in support of the charitable campaign, please contact the Employee Giving Program Administrator for a Special Event Form and guidelines. While a special event may feature a particular nonprofit or cause, employees must be allowed the option to specify their donation to the participating nonprofit of their choice. Cash must be converted to a cashier's check or money order. If there are several nonprofits, you may make the check out to the Campaign (KCEGP) and attach a breakdown of the nonprofits. The amount will then be included with their first quarter 2010 checks. There are special tax rules regarding special events and the value of both items donated and the donation that you may give. Talk to a tax professional for more information.

CHANGES IN TAX LAW REGARDING WORKPLACE CHARITABLE GIVING

RE: IRS Notice 2006-110 "Recordkeeping Requirements for Charitable Contributions made by Payroll Deduction"

New rules apply to contributions made January 1, 2007 and later. Please follow the new rules for employee charitable contributions:

Payroll deduction: To claim an income tax deduction the employee must have a pay stub, W-2 or other employer document showing the total amount withheld for the charitable organization **AND** a photocopy of the donor pledge card. This is needed to substantiate and claim a tax deduction. A letter prepared by or at the direction of the charity (stating the date, amount donated, and "no goods or services language") also qualifies.

Cash, a check, or other monetary gift: To claim an income tax deduction, the employee must have a bank record (cancelled check, bank or credit card statement) **OR** written acknowledgement from a charitable organization showing the date, amount contributed, and name of the organization.

Please keep:

-Your last pay stub of the year. It shows the total amount donated to charity via payroll deduction.

-A copy of your pledge form.

-Verification from the participating nonprofit listing your contribution, *unless you donated anonymously.*

See the Employee Giving Program website for details.

DONATION FORM INSTRUCTIONS

1

- Clearly print your name.
- Fill in all information
- Don't know your employee ID? You can find it on your pay stub.

2

- Check the types of donation you would like to make: check, payroll, or time. Or ALL three!
- For **payroll donation**, select only *one* frequency.
- Print the agency 4 digit code and name. See Example.
- Enter the total donation for the year. Should equal the amount next to option.
- For **time donation**, write the number of hours you would like to donate in whole hour increments. Please select only one nonprofit.
- To make any of your donations *in honor of* someone living, or *in memory of* someone deceased, print their name here.

3

- Leadership Giving:** Divide your total annual donation (check and payroll combined) by your hourly rate of pay. This result plus any hours of time donated determine your leadership level: For example if you make \$20.00 an hour:

$\$60 \text{ direct check} + \$120 \text{ payroll donation} = 9$
\$20.00 (hourly rate of pay)

$9 \text{ (from above)} + 4 \text{ hours of time} = 13$ (more than one hour per month) Bronze level!

- Accept or decline the gift (even if you decline the gift, please circle the level for our records).
- Privacy Option:** Check box to release your home address to your designated organizations or check the other box to remain anonymous.

4

- Sign and date the form. **MAKE A COPY FOR TAX PURPOSES.** Submit your donation form to the volunteer in your department or mail to the EGP CNK-ES-0231

Remember to keep a copy of your pledge form for tax purposes.
